“““

“We have to choose between a global market driven only by calculations of short-term profit, and one which has a human face.”

— Kofi Annan, former UN Secretary-General

WHY

CMI BUSINESS SCHOOL?

CMI Higher Education is an international institute of professional higher education in business and technology, offering excellent education focused on STEAM, sustainability, artificial intelligence, innovation and Industry 6.0 for a better world. Leading with purpose, innovating with responsibility.

CMI Business School received the award for the most innovative academic programmes in Spain at The International CSR Excellence Awards 2022.

At CMI we work to lead, promote and carry out scientific and technological research covering the entire development and implementation process, from exploring the frontiers of knowledge to the end of the life cycle of all products and services, taking into account the needs of a sustainable, circular economy.

CMI Business School offers the highest quality standards in its services to society. All its activities are based on continuous improvement processes, supported by modern, advanced technology and management systems.

OUR PHILOSOPHY

Our purpose is to help create a new and better world through research, development and innovation and the holistic education of the individual, putting science, technology and Artificial Intelligence at the service of the challenges of our time.

✓ Research

At CMI we work on research and innovation to generate cutting-edge scientific and technological knowledge in collaboration with industry stakeholders and through our scientific journal, Conscious Management Journal.

✓ Social Responsibility Education

To offer training products and services for excellence in the conscious management of organisations, developing people's talent to the full.

✓ Consultancy

Our goal is to provide advanced consultancy services to leaders and organisations seeking excellence in the service of society.

MISSION

To train professionals in business and organisational management, leadership, innovation, science and new technologies through cutting-edge STEAM programmes of excellence, boosting their careers and achieving sustainable growth with a triple benefit: economic, social and environmental.

VISION

To become a world-leading STEAM school of business and technology, driving the sustainable growth of organisations with a positive impact on society and the environment.

VALUES

C - Conscious of our role as agents of change in driving the growth of responsible professionals and organisations.

M - Methodical in our teaching processes, so that we deliver innovative, excellent programmes to the full satisfaction of every student.

I - Integrity and ethics in how we work, internally and externally, with students, colleagues and partners, building trust and respect inside and outside the classroom.

B - Beneficial to society and the environment, with the firm purpose of helping to create a better world through quality education.

S - Sustainable through our contribution to the community, developing professionals and organisations with a positive impact for the generations of today and tomorrow.

EXPERIENCE CMI BUSINESS SCHOOL

Studying at CMI means training at an institute whose mission is to make the world a better place, both socially and environmentally, through high-quality academic activity focused on STEAM, sustainability, AI, innovation and Industry 6.0. As a certified B Corp social enterprise, we nurture talent with a scholarship programme awarded by the Gala Foundation and zero-cost financing.

At CMI we work tirelessly because, like our students, partners and so many others, our goal is to leave a better world as a legacy for future generations.

WHAT OUR STUDENTS SAY

4.6 ★ on Google · over 200 reviews

"In the Master's in CSR and Sustainability the teaching is personalised and the teaching method practical: excellent preparation for putting it into practice in the corporate world."

— Ariana P., Master's in CSR and Sustainability

"A great school for business-oriented postgraduate courses, with in-depth coverage of sustainability-related subjects. I did a master's in finance that combined technical content with ESG-related topics."

— Maha H., Master's in Finance

"The quality of the teaching staff, the academic content and the administrative team is exceptional. Starting the MBA in Sustainable Tourism has allowed me to connect my professional career with my personal values."

— Charlene E., MBA in Sustainable Tourism

"I did a Master's in Responsible Marketing Management and International Trade and the experience was very pleasant and enriching. As a professional, I will certainly apply everything I have learned to contribute to the change that the world and our society need."

— Michelle K., Master's in Responsible Marketing Management and International Trade

"Top-quality lecturers with extensive knowledge and business experience, who offer opportunities to bring academia into the real world."

— Pamela M., student
