WHY

CMI HIGHER EDUCATION?

CMI Higher Education is an international institute of professional higher education in business and technology, offering excellence in education focused on STEAM, sustainability, artificial intelligence, innovation and Industry 6.0 for a better world. Leading with purpose, innovating responsibly.

CMI Business School has been recognised as Top Business School in Europe 2025 by the US magazine EDUCATION Insider. This prestigious award reflects the outstanding quality, reputation and trust that CMI has built over the years.

CMI Business School received the award for the most innovative academic programmes in Spain in 2022 from The International CSR Excellence Awards.

At CMI we work to lead, promote and carry out scientific and technological research covering the entire development and implementation process, from exploring the frontiers of knowledge to the end of the life cycle of all products and services, taking into account the needs of a sustainable, circular economy.

CMI Higher Education offers the highest quality standards in its services to society. All its activities are carried out through continuous improvement processes, supported by modern, advanced technological and management systems.

We have an integrated educational quality management system certified to ISO 9001 and audited by the Catholic University of Ávila (UCAV).

OUR PHILOSOPHY

Our purpose is to help create a new and better world through research, development and innovation and the holistic education of the individual, putting science, technology and Artificial Intelligence at the service of the challenges of our time.

✓ Research

At CMI we work on research, development and innovation to generate cutting-edge scientific and technological knowledge in collaboration with sector stakeholders and through our scientific journal, Conscious Management Journal.

✓ Training in Social Responsibility

We offer training products and services for excellence in the conscious management of organisations, maximising the development of people's talent.

✓ Consulting

Our aim is to offer advanced consulting services to leaders and organisations seeking excellence in the service of society.

MISSION

To train professionals in business and organisational management, leadership, innovation, science and new technologies through cutting-edge STEAM programmes of excellence, boosting their careers and achieving sustainable growth with a triple benefit: economic, social and environmental.

VISION

To become a world-leading STEAM school of business and technology, driving the sustainable growth of organisations with a positive impact on society and the environment.

VALUES

C - Conscious of our role as agents of change in driving the growth of responsible professionals and organisations.

M - Methodical in our teaching processes, so that we deliver innovative, excellent programmes to the full satisfaction of every student.

I - Integrity and ethics in how we work, internally and externally, with students, colleagues and partners, building trust and respect inside and outside the classroom.

B - Beneficial to society and the environment, with the firm purpose of helping to create a better world through quality education.

S - Sustainable through our contribution to the community, developing professionals and organisations with a positive impact for the generations of today and tomorrow.

EXPERIENCE AT CMI HIGHER EDUCATION

Studying at CMI means training at an institute whose mission is to make the world a better place, both socially and environmentally, through high-quality academic activity focused on STEAM, sustainability, AI, innovation and Industry 6.0. As a B Corp-certified social enterprise, we foster talent with an award-winning scholarship programme (Fundación Gala) and interest-free financing.

At CMI we work tirelessly because, like our students, partners and so many others, our goal is to leave a better world as our legacy to future generations.

Specialist Diploma in **Project Management and Leadership**

The Specialist Diploma in Project Management and Leadership is designed to give professionals the skills they need to lead, manage and build new ventures successfully in a dynamic business environment. Combining theory and practice, it develops key skills in project management, effective leadership and innovative entrepreneurship.

On completing the Specialist Diploma, graduates will be able to:

- Design and manage projects effectively, using the best practices and tools available
- Lead multidisciplinary teams, fostering a productive, collaborative working environment.
- Launch new businesses, from identifying opportunities to executing strategic plans.

WHO IS IT FOR?

The Specialist Diploma in Project Management and Leadership is aimed at professionals and entrepreneurs who wish to strengthen their skills in efficient project management, effective leadership and new business creation.

This programme is ideal for managers and project managers, leaders and executives, entrepreneurs and business owners, consultants and advisers, engineers and technicians, recent graduates and professionals from any sector.

PROGRAMME OBJECTIVES

Foster an entrepreneurial mindset: equip students with the knowledge and skills needed to identify business opportunities, draw up viable business plans and launch new business ventures.

Develop project management skills: provide participants with advanced tools and techniques to plan, execute and close projects efficiently.
