CMI

WHY

CMI BUSINESS SCHOOL?

CMI Higher Education is an international institute of professional higher education in business and technology, offering excellent education focused on STEAM, sustainability, artificial intelligence, innovation and Industry 6.0 for a better world. Leading with purpose, innovating with responsibility.

CMI Business School received the award for the most innovative academic programmes in Spain at
The International CSR Excellence Awards 2022.

At CMI we work to lead, promote and carry out scientific and technological research covering the entire development and implementation process, from exploring the frontiers of knowledge to the end of the life cycle of all products and services, taking into account the needs of a sustainable, circular economy.

CMI Business School offers the highest quality standards in its services to society. All its activities are based on continuous improvement processes, supported by modern, advanced technology and management systems.

Our integrated educational quality management system is ISO 9001 certified and audited by the Catholic University of Ávila.

OUR PHILOSOPHY

Our purpose is to help create a new and better world through research, development and innovation and the holistic education of the individual, putting science, technology and Artificial Intelligence at the service of the challenges of our time.

Research

At CMI we work on research and innovation to generate cutting-edge scientific and technological knowledge in collaboration with industry stakeholders and through our scientific journal, Conscious Management Journal.

Social Responsibility Education

To offer training products and services for excellence in the conscious management of organisations, developing people's talent to the full.

Consultancy

Our goal is to provide advanced consultancy services to leaders and organisations seeking excellence in the service of society.

MISSION

To train professionals in business and organisational management, leadership, innovation, science and new technologies through cutting-edge STEAM programmes of excellence, boosting their careers and achieving sustainable growth with a triple benefit: economic, social and environmental.

VISION

To become a world-leading STEAM school of business and technology, driving the sustainable growth of organisations with a positive impact on society and the environment.

VALUES

C - Conscious of our role as agents of change in driving the growth of responsible professionals and organisations.
M - Methodical in our teaching processes, so that we deliver innovative, excellent programmes to the full satisfaction of every student.
I - Integrity and ethics in how we work, internally and externally, with students, colleagues and partners, building trust and respect inside and outside the classroom.
B - Beneficial to society and the environment, with the firm purpose of helping to create a better world through quality education.
S - Sustainable through our contribution to the community, developing professionals and organisations with a positive impact for the generations of today and tomorrow.

Expert in

SUSTAINABLE FINANCE AND AI IN INDUSTRY 6.0

In today's context, marked by growing concern about environmental and social challenges, it is essential to develop economic and financial approaches that promote sustainability.

The Expert in Sustainable Finance and AI in Industry 6.0 provides comprehensive, specialised training to understand and apply the principles of sustainability in economics and finance. On completing the Expert Diploma, participants will have gained:

- A deep understanding of the challenges and opportunities in sustainable economics and finance
- Practical skills to design and implement sustainable strategies
- A network of contacts with professionals and experts in the sector
- A certificate accrediting specialised training in an increasingly relevant field

WHO IS IT FOR?

The Expert in Sustainable Finance and AI in Industry 6.0 at CMI Business School is aimed at professionals from a range of disciplines, including economics, finance, administration, engineering and environmental sciences, who wish to specialise in sustainability.

It is also designed for civil servants, consultants and entrepreneurs interested in incorporating sustainability into their projects and organisations.

COURSE OBJECTIVES

The main objective is to equip participants with the tools and knowledge needed to integrate sustainability into economic and financial decision-making.

The programme aims to train professionals capable of designing, implementing and evaluating strategies and policies that contribute to sustainable development, in both the corporate and public sectors.

FORMAT AND FEES

Online

Duration: 3 months · Online with live classes
Total price: €1,100 (incl. €200 enrolment fee and €80 diploma fee)
Price with 50% scholarship: €690
Interest-free financing: enrolment fee + 3 instalments of €163
Scholarships and terms
Half-price scholarships (up to 50%) for academic excellence or country of origin. Additional 10% discounts for pre-enrolment, single payment, group enrolment and Alumni Club members. Includes tuition, enrolment, diploma, materials and Alumni Club membership.
The enrolment fee secures your place after admission and is deducted from the price; the 3 instalments are paid within the first 5 days of each month.
Payment methods: card (including international cards), Bizum and direct debit for instalments, with online payment via the Enrolment Portal.

Incubator

Optional services from the CMI Incubator and Accelerator: a workstation 8 hours a week (9 am–5 pm) + 2 monthly feedback sessions, €200/month + VAT; or virtual and in-person support with 2 monthly feedback sessions, €120/month + VAT.
